In the Matter of the Arbitration Between

HEATHER D. NYE,

Claimant,

v.

LAMBDA, INC. D/B/A LAMBDA  
SCHOOL; JOHN DOES 1-9,

Respondents.

AAA Case No. 01-21-0003-8512

**CLAIMANT HEATHER D. NYE'S DISPOSITIVE MOTION ON HER CLAIM THAT  
RESPONDENT LAMBDA SCHOOL WAS UNLAWFULLY OPERATING WITHOUT A  
LICENSE AT THE TIME SHE ENROLLED**

Pursuant to Rule 33 of the American Arbitration Association's Consumer Arbitration Rules, Claimant Heather D. Nye submits this dispositive motion on her claim that Respondent Lambda School was operating without a license from the California Bureau for Postsecondary Education ("BPPE") at the time she enrolled and executed her Income Share Agreement ("ISA"). Pursuant to the California Education Code, an ISA is "not enforceable" if, at the time of execution, the institution does not have "approval to operate." Cal. Educ. Code § 94917. Lambda's execution of Ms. Nye's ISA over one year before it obtained BPPE approval therefore constitutes a *per se* violation of the California Education Code and, consequently, of the unlawful prong of California's Unfair Competition Law ("UCL"). As such, her ISA is "not enforceable" by Lambda.

## STATEMENT OF FACTS

As a non-degree granting, private postsecondary institution based in California, Lambda must be approved to operate by the BPPE. *See* Cal. Educ. Code § 94886 (“a person shall not open, conduct, or do business as a private postsecondary educational institution in this state without obtaining an approval to operate under this chapter.”). Lambda flouted this clear requirement by operating, recruiting, and enrolling students, including Ms. Nye, prior to receiving BPPE approval. Demand ¶ 17.

On March 20, 2019, prior to Ms. Nye’s enrollment, the BPPE issued Lambda a “Citation: Assessment of Fine and Order of Abatement” (“Citation”) (Exhibit A), finding that Lambda was “operating without Bureau approval,” in violation of the California Education Code. In the Citation, the BPPE ordered Lambda to “cease to operate as a private postsecondary educational institution” and “submit a school closure plan.” Demand ¶ 89; Exh. A at 2. The Citation further required that Lambda “discontinue recruiting or enrolling students and cease all instructional services and advertising in any form or type of media, including the <https://lambdaschool.com> and any other websites not identified here that are associated with the Institution, until such time as an approval to operate is obtained from the Bureau.” *Id.*

Lambda appealed. On July 24, 2019, the BPPE affirmed the Citation because “[n]o new substantive facts were presented.” Appeal of Citation Informal Conference Decision: Citation Affirmed (the “Citation Affirmance”) (Exhibit B). The BPPE ordered Lambda to “comply with the orders described in the ‘Violation Code Sections’ of this document.” *Id.* at 3. Those orders included the following:

- “The Bureau orders that the Institution cease to operate as a private postsecondary educational institution.” *Id.* at 2.
- “The Institution must discontinue recruiting or enrolling students and cease all instructional services and advertising in any form or type of media, including the <https://lambdaschool.com> and any other websites not identified here that are associated with the Institution, until such time as an approval to operate is obtained from the Bureau.” *Id.*
- “The Institution must disconnect all telephone service numbers including but not limited to (800) 883-1943 that are associated with the Institution until such time as an approval to operate is obtained from the Bureau.” *Id.*
- “To comply with the Order of Abatement the Institution must submit a school closure plan to the Bureau pursuant to California Education Code section 94926.” *Id.*

Lambda disregarded all of these orders. After the Citation and Citation Affirmance, Lambda continued to operate, advertise its educational services to the public, and enroll students. In June 2019—after Lambda was required to “discontinue recruiting or enrolling students and cease all instructional services and advertising in any form or type of media”—Lambda enrolled Ms. Nye in its web development program. On June 19, 2019, Mr. Allred and Ms. Nye executed Ms. Nye’s ISA. *See* Demand ¶ 76 (attaching Ms. Nye’s ISA).<sup>1</sup> Yet Lambda never disclosed to her that it was not approved to operate, had violated the California Education Code, and was under order from the BPPE to cease operations and not enroll students, including Ms. Nye.

Lambda remained unapproved for more than a year following the execution of Ms. Nye’s ISA. During this time, the BPPE continued to remind Lambda that it was required to cease

---

<sup>1</sup> As Lambda describes it: “A Lambda School ISA is a contract under which you agree to pay 17% of your post-Lambda School salary for 24 months, but only once you’re making more than \$50,000 per year (or the equivalent of \$4,166.66 per month). The ISA is capped at a maximum repayment of \$30,000, so you won’t pay more than \$30,000 under any circumstances.” *See* Demand ¶ 27.

operations. On August 21, 2019, the BPPE sent Lambda a letter stating that it was unable to grant the school’s application for approval due to multiple deficiencies, and reminding Lambda that:

A citation was issued on July 24, 2019 (*Copy of citation attached*); with an order of abatement and payment of \$75,000 due by August 23, 2019.

• **Please note:** Failure for an applicant or institution to abate the violation(s) or to pay the administrative fine within the time allowed may result in denial of an application for an approval to operate or disciplinary action. The Bureau will promptly take all appropriate action to enforce the affirmed citation and recover the civil penalties prescribed therein or found to be due after a hearing.

See Letter from BPPE to Lambda at 3 (Aug. 21, 2019) (Exhibit C).

The BPPE eventually granted Lambda’s approval to operate. See Letter from Robert J. Bayles, BPPE, to Juli Tarca, Lambda (Aug. 17, 2020) (Exhibit D). The notification from the BPPE stated that approval of the web development program, in which Ms. Nye had been enrolled for more than a year, took effect on August 17, 2020. *Id.*

From at least May 2019 until Lambda was approved in August 2020, Lambda’s course catalogs falsely stated that Lambda was approved by the BPPE. In at least three versions of the 2019 and 2020 catalogs—revised in May 2019, September 2019, and July 2020 (all prior to Lambda’s August 2020 approval)—Lambda falsely stated the following:

**APPROVALS**

Lambda School is a private institution *approved to operate* by the California Bureau for Private Postsecondary Education. Approval to operate means the institution is compliant with the minimum standards contained in the California Private Postsecondary Education Act of 2009 (as amended) and Division 7.5 of Title 5 of the California Code of Regulations.”

See Excerpts of Three Versions of Lambda Course Catalogs for 2019 and 2020 at 5 (emphasis added) (Exhibit E).

## ARGUMENT

The UCL’s unlawful prong bars “anything that can properly be called a business practice and that at the same time is forbidden by law.” *Bank of the West v. Superior Court*, 2 Cal. 4th 1254, 1266 (Cal. 1992) (citations omitted). Thus, if a business practice violates any law, it is *per se* a UCL violation. See *Friedman v. AARP, Inc.*, 855 F.3d 1047, 1052 (9th Cir. 2017) (“[I]t is clear that virtually any state, federal, or local law can serve as the predicate.”) (citation omitted) (internal quotation marks omitted); see also *Kasky v. Nike, Inc.*, 27 Cal.4th 939, 949 (Cal. 2002) (“The UCL permits violations of other laws to be treated as unfair competition that is independently actionable.”); *San Mateo Union High Sch. Dist. v. Educ. Testing Servs.*, No. 13-cv-3660, 2013 WL 4711611, at \*12 (N.D. Cal. Aug. 30, 2013) (finding that violations of the California Education Code are actionable under the unlawful prong of the UCL); *Daghlian v. DeVry Univ., Inc.*, 582 F. Supp. 2d 1231, 1236 (C.D. Cal. 2007) (same).

California law (i) bars private postsecondary educational institutions such as Lambda from doing business without obtaining state approval, Cal. Educ. Code § 94886, (ii) makes it a crime to “[k]nowingly operat[e] a private postsecondary institution without an approval to operate,” *id.* § 94943, (iii) holds that enrollment agreements are unlawful and unenforceable if, at the time of execution, the institution did not hold a valid approval to operate, *id.* § 94902(b)(2), and (iv) provides that any “note, instrument, or other evidence of indebtedness relating to payment for an educational program is *not enforceable* by an institution unless, at the time of execution of the note, instrument, or other evidence of indebtedness, the institution held an approval to operate,” *id.* § 94917 (emphasis added). Ms. Nye’s ISA, fully executed on June 19, 2019, is a “note,

instrument, or other evidence of indebtedness relating to payment for [her] educational program.”

Because Ms. Nye’s ISA was executed over one year before Lambda obtained the BPPE’s approval to operate, as a matter of law it is therefore “not enforceable” by Lambda. Cal. Educ. Code § 94917; *see also Dowell v. Biosense Webster, Inc.*, 179 Cal. App. 4th 564, 575 (Cal. App. Ct. 2009) (finding that noncompete and nonsolicitation clauses that violate separate provisions of California law were “void and unenforceable” under the unlawful prong of the UCL); *cf Asdourian v. Araj*, 38 Cal. 3d 276, 291 (Cal. 1985) (“Generally a contract made in violation of a regulatory statute is void.”). Any other result would render the BPPE’s orders toothless, and deprive students of the protections that the California Education Code and UCL are intended to provide.

### **CONCLUSION**

In this case, the indisputable facts establish that Lambda was operating without BPPE approval at the time Ms. Nye enrolled. Therefore, her ISA is, as a matter of law, “not enforceable.” Ms. Nye therefore requests that the Arbitrator: (i) declare that her ISA is not enforceable pursuant to the California Education Code and UCL; (ii) declare that, until August 17, 2020, Lambda conducted business as a private postsecondary educational institution without approval to operate, in violation of the California Education Code and UCL; (iii) order Lambda to cancel Ms. Nye’s ISA and enjoin Lambda from ever collecting on her ISA; and (iv) provide all such further relief as the Arbitrator deems just and proper.

Christina Villanueva issues this Citation: Assessment of Fine and Order of Abatement (Citation) in her official capacity as Discipline Manager for the Bureau for Private Postsecondary Education (Bureau) of the California Department of Consumer Affairs.

CITATION

A Citation is hereby issued to Lambda Inc., dba Lambda School, Owner of Lambda School (Institution) located at 5820 Stoneridge Mall Rd., Ste. 212, Pleasanton, CA 94588 pursuant to Business and Professions Code section 125.9 and 149; California Education Code (CEC) section 94944; and Title 5 of the California Code of Regulations (5, CCR) section 75020 for the violation(s) described below.

BACKGROUND

On July 13, 2018, the Bureau received a complaint alleging, the Institution was operating without Bureau approval. Through the course of the investigation and evidence obtained, it was determined the Institution is operating without Bureau approval.

VIOLATION(S)

#	Below you will find the California Education Code (CEC) and/or Title 5 of the California Code of Regulations (5, CCR code) section(s) of law you are charged with violating.
1.	<p><b><u>Violation:</u></b>  <b>CEC Section 94886. Approval to Operate Required</b>                  "Except as exempted in Article 4 (commencing with Section 94874) or in compliance with the transition provisions in Article 2 (commencing with Section 94802), a person shall not open, conduct, or do business as a private postsecondary educational institution in this state without obtaining an approval to operate under this chapter."</p>

**94858. Private Postsecondary Educational Institution**

“Private postsecondary educational institution” means a private entity with a physical presence in this state that offers postsecondary education to the public for an institutional charge.

**CEC Section 94817.5. Approved to Operate or Approved**

“Approved to operate” or “approved” means that an institution has received authorization pursuant to this chapter to offer to the public and to provide postsecondary educational programs.”

**CEC Section 94868. To Offer to the Public**

“To offer to the public” means to advertise, publicize, solicit, or recruit.”

**CEC Section 94869. To Operate**

“To operate” means to establish, keep, or maintain any facility or location in this state where, or from which, or through which, postsecondary educational programs are provided.”

On December 5, 2018, Bureau staff investigated the complaint to determine if the Institution was operating as a private postsecondary educational institution. The Institution is listed as “Lambda School” on their website and is advertising to the public a set of introductory and immersive courses in Full Stack Web, iOS Development, Android Development, Data Science, and UX Design. Tuition costs are not listed as they offer Income Sharing Agreements (ISAs). The institution’s “How It Works” tab reads: *“Lambda School trains people online to be software engineers at no up-front cost. Instead of paying tuition, students can agree to pay a percentage of their income after they’re employed, and only if they’re making more than \$50k per year. If you don’t find a job, or don’t reach that level of income, you’ll never pay a cent.”*

The Institution’s website indicates, as part of their FAQ tab, that students can pay an upfront tuition cost of \$20,000 instead of signing an ISA. This evidence confirms that the Institution violated the requirement for an Approval to Operate, per CEC section 94886, as the Institution is operating unapproved and charging students over \$2,500.00 in tuition and does not qualify for any of the exemptions under CEC section 94874.

On December 5, 2018, the Institution was contacted, via their website’s instant message option, requesting information regarding the function of their California campus location. A response was not received.

A business license listing was found for Lambda School with the City of Pleasanton.

**Order of Abatement:**

The Bureau orders that the Institution cease to operate as a private postsecondary educational institution, unless the Institution qualifies for an exemption under CEC section 94874. The Institution must discontinue recruiting or enrolling students and cease all instructional services and advertising in any form or type of media, including the <https://lambdaschool.com> and any other websites not identified here that are associated with the Institution, until such time as an approval to operate is obtained from the Bureau. The Institution must disconnect all telephone service numbers including but not limited to (800) 883-1943 that are associated with the Institution until such time as an approval to operate is obtained from the Bureau. To comply with the Order of Abatement the Institution must submit a school closure plan to the Bureau pursuant to California Education Code section 94926. The Institution must provide a roster of each student currently enrolled at the Institution. The roster must include the names of the students, their contact information (including

phone number, email address, and physical address), the programs in which they are enrolled, the amount paid for the programs.  <b><u>Assessment of Fine</u></b> The fine for this violation is <u>\$75,000.00</u>
<b>TOTAL ADMINISTRATIVE FINE DUE: \$75,000.00</b>

ASSESSMENT OF A FINE

In accordance with CEC section 94944; and 5, CCR section 75020(b), the Bureau hereby orders this assessment of a fine in the amount of **\$75,000.00** for the violations described above. **Payment must be made, to the Bureau, within 30 days from the date of service of the Citation.**

COMPLIANCE WITH ORDER OF ABATEMENT

In accordance with the provisions of 5, CCR section 75020 (b) the Bureau hereby issues the order(s) of abatement described above. In accordance with Business and Professions Code Section 149, the Bureau may disconnect any telephone service numbers used by an unapproved Institution. **Evidence of compliance with the order(s) of abatement must be submitted, to the Bureau, within 30 days from the date of service of the Citation.**

On May 15, 2019, an informal telephone conference was held in the matter of Citation: Assessment of Fine and Order of Abatement No. 1819150 (Citation) against Lambda Inc., dba Lambda School, Owner of Lambda School (Institution). In attendance were Yvette Johnson, Administrative Chief; Keith Zakarin, Attorney; and Trevor McKendrick, Lambda Counsel Chief of Staff.

Pursuant to Business and Professions Code, §148; California Education Code (CEC), section 94944; and Title 5 of California Code of Regulations (5, CCR), section 75020 and section 75040, the Bureau for Private Postsecondary Education (Bureau) renders the following decision relative to your appeal of the Citation No. 1819150.

It is the decision of the Administrative Chief that on July 11, 2019, Citation No. 1819150 is affirmed for the following reason(s):

- No new substantive facts were presented at the conference.

**VIOLATION CODE SECTIONS**

#	Below you will find the California Education Code (CEC) and/or Title 5 of the California Code of Regulations (5, CCR code) section(s) of law you are charged with violating.
1.	<p><b>Violation:</b></p> <p><b>CEC Section 94886. Approval to Operate Required</b>  <i>"Except as exempted in Article 4 (commencing with Section 94874) or in compliance with the transition provisions in Article 2 (commencing with Section 94802), a person shall not open, conduct, or do business as a private postsecondary educational institution in this state without obtaining an approval to operate under this chapter."</i></p> <p><b>94858. **CEC Section 94868. To Offer to the Public**

*"To offer to the public" means to advertise, publicize, solicit, or recruit."*

**CEC Section 94869. To Operate**

*"To operate" means to establish, keep, or maintain any facility or location in this state where, or from which, or through which, postsecondary educational programs are provided."*

On December 5, 2018, Bureau staff investigated the complaint to determine if the Institution was operating as a private postsecondary educational institution. The Institution is listed as "Lambda School" on their website and is advertising to the public a set of introductory and immersive courses in Full Stack Web, iOS Development, Android Development, Data Science, and UX Design. Tuition costs are not listed as they offer Income Sharing Agreements (ISAs). The institution's "How It Works" tab reads: "Lambda School trains people online to be software engineers at no up-front cost. Instead of paying tuition, students can agree to pay a percentage of their income after they're employed, and only if they're making more than \$50k per year. If you don't find a job, or don't reach that level of income, you'll never pay a cent."

The Institution's website indicates, as part of their FAQ tab, that students can pay an upfront tuition cost of \$20,000 instead of signing an ISA. This evidence confirms that the Institution violated the requirement for an Approval to Operate, per CEC section 94886, as the Institution is operating unapproved and charging students over \$2,500.00 in tuition and does not qualify for any of the exemptions under CEC section 94874.

On December 5, 2018, the Institution was contacted, via their website's instant message option, requesting information regarding the function of their California campus location. A response was not received.

A business license listing was found for Lambda School with the City of Pleasanton.

**Order of Abatement:**

The Bureau orders that the Institution cease to operate as a private postsecondary educational institution, unless the Institution qualifies for an exemption under CEC section 94874. The Institution must discontinue recruiting or enrolling students and cease all instructional services and advertising in any form or type of media, including the <https://lambdaschool.com> and any other websites not identified here that are associated with the Institution, until such time as an approval to operate is obtained from the Bureau. The Institution must disconnect all telephone service numbers including but not limited to (800) 883-1943 that are associated with the Institution until such time as an approval to operate is obtained from the Bureau. To comply with the Order of Abatement the Institution must submit a school closure plan to the Bureau pursuant to California Education Code section 94926. The Institution must provide a roster of each student currently enrolled at the Institution. The roster must include the names of the students, their contact information (including phone number, email address, and physical address), the programs in which they are enrolled, the amount paid for the programs.

**Assessment of Fine**

The fine for this violation is \$ 75,000.

**TOTAL MODIFIED ADMINISTRATIVE FINE DUE: \$75,000.00**

ORDER OF ABATEMENT

The Bureau orders that you comply with the orders described in the 'Violation Code Sections' of this document and submit evidence of compliance within **30 days** from the date of this decision.

PENALTY – ASSESSMENT OF A FINE

Payment of the administrative fine is due within **30 days** from the date of this decision. Please complete the Payment of Fine form. Payment must be made to the Bureau by check, or money order. Please include the citation number on the payment of the fine assessment. Payments may be mailed to:

You have a fixed number of days between now and graduation. There's a good chance that the next several months will swing the trajectory of your career more than any others. Your time at Lambda School will be some of the most highly leveraged hours of your life. Now is the time to put your head down and work.

Sincerely,

Austen Allred,  
Co-Founder & CEO

**GENERAL INFORMATION**

**HISTORY**

Founded in 2017, Lambda School ("Lambda") is a unique model of higher education in which the school invests in its students, instead of the other way around. Lambda offers no upfront tuition costs. Tuition payments do not have to begin until students find a job within field providing an annual salary of at least \$50,000. This commitment from Lambda School supports its mission to find untapped or underutilized talent and train that talent for in-demand jobs in the computer science field. The school is headquartered in San Francisco, while students attend remotely. The school has raised funds previously from investors including Y Combinator, Google Ventures, Bedrock Capital, and Tandem. Given the no upfront cost tuition model of Lambda, our school demographics typically cater to minority and diverse students. Our student body is far more diverse than the general population.

7 **APPROVALS**

Lambda School is a private institution approved to operate by the California Bureau for Private Postsecondary Education. Approval to operate means the institution is compliant with the minimum standards contained in the California Private Postsecondary Education Act of 2009 (as amended) and Division 7.5 of Title 5 of the California Code of Regulations.

## GENERAL INFORMATION

### HISTORY

Founded in 2017, Lambda School ("Lambda") is a unique model of higher education in which the school invests in its students, instead of the other way around. Lambda offers no upfront tuition costs. Tuition payments do not have to begin until students find a job within field providing an annual salary of at least \$50,000. This commitment from Lambda School supports its mission to find untapped or underutilized talent and train that talent for in-demand jobs in the computer science field. The school is headquartered in San Francisco, while students attend remotely. The school has raised funds previously from investors including Y Combinator, Google Ventures, Bedrock Capital, and Tandem. Given the no upfront cost tuition model of Lambda, our school demographics typically cater to minority and diverse students. Our student body is far more diverse than the general population.
