Re: Freedom of Information Act Request

Dear FOIA Public Liaison:

Pursuant to the Freedom of Information Act (“FOIA”), 5 U.S.C. § 552 and the implementing regulations of the United States Department of Education (“ED” or “the Department”), 34 C.F.R. Part 5, the National Student Legal Defense Network (“Student Defense”) makes the following request for records.

Background

Under the Title IV of the Higher Education Act of 1965 (as amended), 20 U.S.C. §§1070 et seq, (HEA) and its implementing regulations, institutions of higher education (“IHE”) participating in Title IV programs, and third-party servicers contracting with such institutions, must operate in accordance with Title IV of the HEA. Additionally, institutions and servicers must act as fiduciaries in the administration of Title IV programs, thereby administering these programs subject to the highest standard of care and diligence. If institutions or servicers violate these standards, the Department may limit an institution’s participation in Title IV, HEA program, or the third-party servicer’s eligibility to contract with a participating institution. The specific limitations the Secretary may place on an IHE or servicer are prescribed in the regulations.

The Department begins a limitation proceeding by notifying an institution or servicers of the violation by certified mail or other more practical, expedited means. As to third-party servicers, the Department must also send notice to each higher education institution that contracts with the servicer. The notification must inform the institution or servicer, as appropriate, of the Department’s intent to limit the participation of the entity in the Title IV programs, the consequences of such a limitation, the alleged violations constituting the basis for the action, and

2 34 C.F.R § 668.82(c).
3 34 C.F.R § 668.94.
4 34 C.F.R § 668.86(b)(1).
5 34 C.F.R § 668.86(b)(1).
the limits to be imposed. At that time, the Department must also propose the effective date of the limitation, which is at least 20 days after the date the notice of intent was mailed.

**Requested Records**

Student Defense hereby requests that the Department produce the following records within twenty business days:

1. All documents, issued between December 2018 to present, constituting a notice of the Department’s intent to limit an IHE’s participation in Title IV Programs. Such a notice would be provided by the Department to the IHE and issued pursuant to 34 C.F.R. § 668.86.

2. All documents constituting a notice provided to an IHE or third-party servicer, issued between December 2018 to present and pursuant to 34 C.F.R. § 668.86, of the Department’s intent to limit a third-party servicer’s eligibility to contract with institutions participating in Title IV Programs.

**Request for Waiver of Fees**

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency’s regulations, Student Defense requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

*Disclosure of Information is Likely to Contribute Significantly to Public Understanding of the Operations or Activities of the Government*

1. **The FOIA request specifically relates to the operations or activities of the government.** As stated above, the Department has authority over IHEs and third-party servicers that administer educational programs in accordance with Title IV of the HEA. This request seeks information that is reasonably necessary to understand the Department’s historical use of enforcement by way of limiting the institutions’ participation in Title IV funding or third-party servicers’ eligibility to contract with these institutions.

2. **The requested documents will contribute to an understanding of those specific operations or activities.** This request seeks documents that will contribute to the understanding of the circumstances in which the Department has notified IHEs or servicers of its intent to limit their eligibility for or participation in Title IV Programs.

6 34 C.F.R § 668.86(b)(1)(i).
7 34 C.F.R § 668.86(b)(1)(ii).
3. **The disclosure will contribute to a greater understanding on the part of the public at large.** Student Defense seeks this information to add to public discourse around the Department’s enforcement processes for IHEs and servicers participating in Title IV. Student Defense has the capacity to analyze any documents provided and disseminate its analysis to the public through its website and other sources.

4. **Disclosure will “significantly” contribute to the public’s understanding of government activities.** The subject of this request is a matter of great public interest. Recent events, including the abrupt closures of some institutions, warrant a closer examination into the Department’s historical use of enforcement tools, such as limiting servicer eligibility and IHE participation in Title IV programs. NSLDN’s analysis of these records will significantly enhance the public’s understanding of the Department’s enforcement actions.

*Disclosure of Information is Not in the Commercial Interest of Student Defense*

This request is fundamentally non-commercial. Student Defense is a non-profit, non-partisan 501(c)(3) organization. Student Defense’s mission is to work, through a variety of means, to advance students’ rights to educational opportunity and to ensure that higher education provides a launching point for economic mobility. We also believe that transparency is critical to fully understanding the government’s role in providing student protections and promoting opportunity. As noted above, Student Defense has the capacity to make the information it receives available to the public through reports, social media, press releases, litigation filings, and regulatory comments to government agencies. For these reasons, Student Defense qualifies for a fee waiver.

*Guidance Regarding the Search & Processing of Requested Records*

In connection with its request for records, Student Defense provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Student Defense does not object to the redaction from such records of any names or personally identifiable information of any individual.

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.

- In conducting your search, please understand the terms “record” in its broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent
that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.

- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.\(^8\) It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; Student Defense has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.\(^9\)

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,\(^10\) and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency’s archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.

- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to

---

prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

**Conclusion**

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to Student Defense, please do not hesitate to contact Student Defense to discuss this request. We welcome any opportunities to discuss this request with you before you undertake your search or incur search or duplication costs. By working together at the outset, Student Defense and the Department can decrease the likelihood of costly and time-consuming litigation.

Where possible, please provide responsive material in an electronic format by email. Please send any responsive material being sent by email to info@defendstudents.org. If it will accelerate release of responsive records to Student Defense, please also provide responsive material on a rolling basis.

Student Defense looks forward to working with the Department on this request. If you do not understand any part of this request, or anticipate any problems in complying with this request please contact me at isabel@defendstudents.org. Also, if Student Defense’s request for a fee waiver is not granted in full, please contact us immediately upon making such a determination.

Sincerely,

/s/ Isabel Tessier
