Dear Mr. Bieda:

I have affixed my signature to this letter to attest to the quality and the integrity of the education programs offered by ITT Technical Institute.

I have an established relationship with ITT Technical Institute, and am able to provide an objective assessment of the overall quality and integrity of the institution’s governance, management, academic support systems and operations. In my experience, employing graduates of their academic degree programs and/or serving on a program advisory committee, ITT Technical Institute has consistently evidenced an unwavering commitment to its Mission, its students, and its graduates.

As an employer who appreciates and values the knowledge and technical skills taught at ITT Technical Institute, we rely on their graduates to fill our workforce needs. Also, like many other employers, we are concerned about the shortage of prospective employees who possess the critical thinking and skills needed to grow our business and support the global competitiveness of our nation’s economy.

We rely on the fact that ITT Technical Institute’s career-related educational programs are designed to integrate life-long learning with knowledge and skills to help its students and graduates pursue their personal interests and objectives, develop intellectual, analytical and critical thinking abilities, and provide service to their communities. We also appreciate the fact that ITT Technical Institute invests significant time and energy to ensure that our hiring needs are met by providing qualified and knowledgeable candidates for our consideration.

Thank you for the opportunity to comment on our positive experiences with ITT Technical Institute. As we have in the past, we look forward to working with ITT Technical Institute in the future to help fill our staffing needs.

Sincerely,

I have affixed my signature to this letter to attest to the quality and the integrity of the education programs offered by ITT Technical Institute.

I have an established relationship with ITT Technical Institute, and am able to provide an objective assessment of the overall quality and integrity of the institution's governance, management, academic support systems and operations. In my experience, employing graduates of their academic degree programs and/or serving on a program advisory committee, ITT Technical Institute has consistently evidenced an unwavering commitment to its Mission, its students, and its graduates.

As an employer who appreciates and values the knowledge and technical skills taught at ITT Technical Institute, we rely on their graduates to fill our workforce needs. Also, like many other employers, we are concerned about the shortage of prospective employees who possess the critical thinking and skills needed to grow our business and support the global competitiveness of our nation's economy.

We rely on the fact that ITT Technical Institute’s career-related educational programs are designed to integrate life-long learning with knowledge and skills to help its students and graduates pursue their personal interests and objectives, develop intellectual, analytical and critical thinking abilities, and provide service to their communities. We also appreciate the fact that ITT Technical Institute invests significant time and energy to ensure that our hiring needs are met by providing qualified and knowledgeable candidates for our consideration.

Thank you for the opportunity to comment on our positive experiences with ITT Technical Institute. As we have in the past, we look forward to working with ITT Technical Institute in the future to help fill our staffing needs.

Sincerely,

I have an established relationship with ITT Technical Institute, and am able to provide an objective assessment of the overall quality and integrity of the institution's governance, management, academic support systems and operations. In my experience, employing graduates of their academic degree programs and/or serving on a program advisory committee, ITT Technical Institute has consistently evidenced an unwavering commitment to its Mission, its students, and its graduates.

As an employer who appreciates and values the knowledge and technical skills taught at ITT Technical Institute, we rely on their graduates to fill our workforce needs. Also, like many other employers, we are concerned about the shortage of prospective employees who possess the critical thinking and skills needed to grow our business and support the global competitiveness of our nation's economy.

We rely on the fact that ITT Technical Institute's career-related educational programs are designed to integrate life-long learning with knowledge and skills to help its students and graduates pursue their personal interests and objectives, develop intellectual, analytical and critical thinking abilities, and provide service to their communities. We also appreciate the fact that ITT Technical Institute invests significant time and energy to ensure that our hiring needs are met by providing qualified and knowledgeable candidates for our consideration.

Thank you for the opportunity to comment on our positive experiences with ITT Technical Institute. As we have in the past, we look forward to working with ITT Technical Institute in the future to help fill our staffing needs.
